Instead of going to Meridian to meet Dr. Hunter, he decided to return here and go tonigat or tomorrow to Jackson, where he will consult with the Mississippi officials.

Baton Rouge has asked for a resumption of train service over the Mississippi Valley road and the railroad authorities have the matter under consideration.

Two Deaths in Alabama.

Mobile, Ala., Oct. 14.—State Health Officer W. H. Sanders, who is at Castleberry, Ala., a small station on the Louisville and Nashville road, 90 miles north of here, telegraphs that after a thorough investigation of two suspicious cases of fever at that point he has pronounced them yellow fever. Both of the victims are dead. One died yesterday morning and the other last night.

Pensacola is thought to be the point from which the infection originated. Castleberry is isolated from the world, but this will not be for long, as there was frost in the little town yesterday and again today.

READY FOR BIG AUTO RACE.

International Automobile Road Race For Vanderbilt Cup.

New York, Oct. 14.—All is in readiness for the big international automobile road race for the Vanderbilt cup over the Nassau course, Long Island, tomorrow. The course is in fine order and the eighteen contestants have their cars ready for the best of which they are capable.

With so many drivers equally matched in daring and skill, few of the experts would express an opinion last night as to the probable winner. The first car will be sent off at 6 o'clock tomorrow morning, and other machines will follow at one minute intervals.

The course of 28.2 miles over which the cars will make ten circuits for a total distance of 283 miles, is considered faster than the one last year, and several of the drivers have expressed an opinion that the world records for road racing will be made. The cup is valued at $2,000.

Four countries will be represented in the race for the Vanderbilt cup—America, France, Germany and Italy. Each country, under the conditions of the race, can start five cars. America, France and Italy will save the full complement, but the German team will start only three machines.

Renowned Educator Dead.

Babylon, L. I., Oct. 14.—Rev. Dr. Levi Harrison Parsons, a well known Presbyterian preacher, died here yesterday at the age of 86. He was born in West Hampton, Mass. He was educated in Amherst college and went south, where he became prominent as an educator. He was ordained by the Alabama presbytery. Dr. Parsons was president of the Synodical college at Greensboro, Ga., and also of a seminary at Tallahassee, Fla. He was for a time secretary of the American Bible society for Northern Arkansas. A widow and two sons, Rev. Dwight Parsons, of Scottville and Harrison M. Parsons, of New York, survive him.

Engineer Knocked Unconscious.

Chicago, Oct 14. In a wild runaway dash, an Illinois Central fast mail train that left for the south at 2:30 a. m., today narrowly escaped wreck and destruction at Grand Crossing. The engineer, Frank A. Rugg, was struck by some projection after passing Sixty-third street and fell unconscious at his post. Tearing through the darkness the train approached a net work of tracks at Grand cossing with an undiminished speed, contrary to all regulations. Realizing that something was wrong, Paul A. Wheeler, the fireman, leaped to the engineer's bench to find the latter unconscious and bleeding from a jagged wound on the head. The fireman brought the train to a stop.

Special Field Agent Appointed.

Houston, Tex., Oct. 14.—F. N. Gray has been appointed special field agent in cotton investigating by Secretary of Agriculture Wilson and has taken the oath of office. His headquarters will be at Houston for the present. Mr. Gray will be one of the board issuing the monthly statement of conditions. He has been editor and proprietor of the Dixie Industry, published here.

NATIONS READY TO RATIFY THE TREATY

Formal Exchange of Ratification Will Occur Saturday.

RULERS HAVE SIGNED THE PAPER

The Final Act of Concluding Hostilities Between Russia and Japan Will Soon Be Played, and There Will Be Peace Instead of Warfare.

Washington, Oct. 14.—It has been arranged that the ratification of the Russian-Japanese peace treaty shall be exchanged tomorrow.

M. Takaaira, the Japanese minister, will notify the state department that his emperor has signed the treaty at Tokio.

The state department will notify the American embassy at St. Petersburg to that effect and Mr. Spencer Eddy, the charge there will duly notify the Russian government. That government will in turn notify the French foreign office in Paris through its own ambassador in that city that the Russian emperor has signed the copy of the treaty. The French foreign office will notify its minister in Tokio and he in turn will inform the Japanese foreign office, and this will be regarded as a formal exchange of ratifications.

RACE SUICIDE IS DISCUSSED.

Woman's Christian Temperance Union Closes Annual Meeting.

Detroit, Mich., Oct. 14—Race suicide has been one of his principal topics under discussion at the district conference of the Woman's Christian Temperance union, which will close tonight at Wyandotte, a suburb of Detroit. Dr. Mary A. Willard, of Detroit, addressing the conference said that the most extreme type of race suicide was the investing of inorant foreigners with the right to vote while the intelligent women of the country were denied this privilege. Continuing, Dr. Willard said:

"I will not attempt to deny that few children are born into American homes for it is a lamentable fact, too, latent to be contradicted. There are two reasons for this. One of them is that life is becoming too strenuous for the modern woman and she has not vitality enough to make her prolific in child-bearing, and the other is that men sacrifice upon the shrines of Bacchus and Eros until they are powerless to lay upon the altar of wedded love and tribute which would bless their homes.

"Give the women the ballot and they will remove some of the temptations from the path of men, making it easier for them to live pure, strong, healthful lives, rendering them fit to continue the propagation of the race. And they will themselves become invigorated and rally to again resume the burdens under which they fainted. A new impetus will have come into women's lives because they can do away with the brothel that claims their daughters and the saloon that ruins their sons."

Impatient at Castro's Delay.

Paris, Oct. 14—Official quarters here shows a growing impatience at President Castro's failure thus far to withdraw his offensive action toward M. Taigny, the French charge d'affaires at Caracas. Although no definite determination has been reached, intimations are made that the situation may not permit of indefinite delay as President Castro's inaction amounting to a refusal to withdraw his offensive action may lead French public opinion to require the government to adopt more decisive measures to redress the offense.

New Paper for Atlanta.

Atlanta, Oct. 14.—Atlanta is to have another evening paper. The new publication will begin its life as soon as its equipment, which is already ordered, has arrived here. The gentlemen behind the new publication are well-known newspaper men and each is reputed to be very wealthy. The new company will be known as "The Georgian company." Their paper will be a penny evening paper.

BEGGED FOR LIFE OF SLAYER.

Man Killed His Mother-in-Law Who Pleaded for His Life.

Wilmington, N. C., Oct. 14.—Because he believed that she was responsible for domestic troubles between himself and his wife, leading to their separation several months ago, Thos. A. McCraw, aged 45, an upholsterer, and harnessmaker, went to the family home in this city and shot to death his mother-in-law, Mrs. Mary E. Wright, whom he met on the threshold of her kitchen, where she was preparing dinner.

The woman fell back in the arms of her daughter, Mrs. McCraw, and died half an hour later, pleading that her son-in-law be not hanged for the sake of his three little children, who are left to the bereaved daughter. McCraw was arrested by a policeman a few minutes later, with a revolver in his hand.

In a note making sensational charges against Christian Science, it is clearly indicated that the man not only intended to kill Mrs. Wright, but his wife and himself also. As McCraw was taken away to the police station a son of the dead woman had to be restrained from shooting McCraw in the police patrol wagon.

Mrs. Roosevelt to Visit Fair.

Atlanta, Ga., Oct. 14—There was genuine pleasure at a meeting of the state fair managers Thursday when Secretary Weldon read a telegram from Secretary Loeb stating that Mrs. Theodore Roosevelt would reconsider her plans to return to Washington from Roswell and would accompany President Roosevelt to Atlanta. This reply was received to an invitation sent to Mrs. Roosevelt and signed by President Dudley Hughes, of the State Agricultural society, and W. R. Joyner, president of the Atlanta Fair association. The answer to this special invitation is certain to be gratifying to all, and particularly to all of the ladies, who will in this way have as their guest the present mistress of the white house, so often called the "First Lady of the Land."

Suddenly Recovers His Voice.

Owensboro, Ky., Oct. 14.—While writing a declination of the nomination for mayor offered him by the prohibitionists, J. M. Holmes suddenly recovered the power of speech. Holmes had been voiceless for the past three years. Recently the "drys" of this city tendered him the nomination for mayor on their ticket. Holmes, being unable to make speeches, sat down to write his refusal of the offer, when he discovered that his reason for refusing was gone and that he could speak as well as ever. What effect this will have on his candidacy is not known.

Plenty of Funds for Pensacola.

Pensacola, Fla., Oct. 14.—The summary of yellow fever cases is as follows: New cases, 23; total cases, 353; deaths, 3; total deaths, 48; under treatment, 181; discharged, 126. The deaths were in different sections of the city and all were expected. The efforts of the citizens to secure sufficient money with which to fight the disease has been successful. Telegrams were received from President Headry, of the state board of health, and from Governor Broward, authorizing the state health officer to expend any amount that he deems necessary.

Meridian Wants to See President.

Birmingham, Ala., Oct. 14—A special to the News from Meridian, Miss., says that the board of trade, the cotton exchange and the Boosters' Club of that city have raised a committee to call upon President Roosevelt and invite him to visit Meridian on his southern tour. In the event of his acceptance the Boosters' Club will invite Governor Vardaman to go to Meridian and officially welcome the president to the state.

Will Lend Oil Men Money.

St. Petersburg, Oct. 14.—The government has decided to lend the Baku oil men the money necessary to repair the damage caused during the recent rioting there, but has declined their request that the loans be without interest. The sum necessary is estimated at $15,000,000 to $20,000,000, on which 5 per cent interest will be charged.

MAN MURDERED BY ORDER OF THE MAFIA

Eighth Victim of a Plot Concocted Eight Years Ago.

OPPOSED A POLITICAL FACTION

Death of Man in New York by the Agents of the "Black Hand" Society—He Left His Italian Home, but He Could Not Escape.

New York, Oct. 14.—That Gaetano Costa was murdered in his butcher shop in Brooklyn on Wednesday night, not because he had refused to accede to blackmail for money but as a result of a political plot inspired in Sicily eight years ago by the Mafia, executed by its agents of the Black Hand society in this country, and to which at least seven or eight other lives had already been sacrificed, was the remarkable revelation made to the police yesterday.

According to information given by a fellow countryman and a former associate of the dead man, Costa was one of a band of a dozen or more wealthy Sicilians, included among whom were his two brothers, who for daring to oppose a dominant political faction closely allied with the Mafia, were driven across the seas, pursued with a relentlessness that has been hindered by neither time nor distance and systematically put to death which never an opportunity to escape detection offered.

Realizing their helplessness against their enemies, the leading members of the Costa faction came to this country and settled in varied places. Some had been compelled to leave all their worldly goods behind them in the haste of flight, and went west to begin life anew. Among these were Costa's two brothers, Giuseppe and Luigi. With the exodus of the threatening men, however, the Mafia apparently did not drop the matter. Three years later, according to the narrator, the body of Guiseppe Costa was found in Jackson Park, Chicago, bearing sixteen stab wounds. Around the waist was a blue sash, placed there evidently as a warning to other Italians who knew the methods of the Mafia.

About a year after that three Italians were mysteriously murdered at Riverside, Ill. Not long after Luigi Costa was killed at Geneva, Ill.

Finally, a few months after this a headless body of a man was found at Erie, Pa., also with a blue sash around the waist.

In the light of these events and the peculiar circumstances surrounding the murder of Gaetano Costa, Police Captain Evans of Brooklyn, is convinced he fell a victim to the same vendetta.

NO TRACE OF EXPRESS CLERK.

May Have Sailed for South America Is One of the Theories.

Pittsburg, Pa., Oct. 14.—One of the theories advanced today is that E. G. Cunliffe, the missing employed of the Adams Express company, has sailed for some South American port. It is stated he had ample time to leave this country early Tuesday morning and would have been four or five hours at sea before the robbery of the company was discovered.

The fact that a majority of the South American countries do not have extradition treaties with this government, causes many to give this credence.

A dispatch received from Wheeling, W. Va. today reports that an Ohio river railroad conductor is confident that Cunliffe rode south on his train last Monday night. The clew seems to be creating considerable excitement in official circles and would indicate that Cunliffe went to Cincinnati and is making an effort to reach Mexico.

Parliament Ratifies Treaty.

Stockholm, Sweden, Oct. 14.—Both houses of parliament today unanimously adopted the government bill providing for the ratification of the Karlstad treaty. There was no debate in the lower house and the criticism in the senate was confined to one or two speakers who alleged that too much consideration had been shown for Norway by the Swedish delegates.

KIRBY SMITH WINS LIBRARY CONTEST

According to the Returns Turned in to Sun Office.

HAS 78,366 VOTES IN THE LEAD

A Large Vote Was Cast the Past Week For the Leaders—Mrs. Nellie McKinstry Won The Sun's 10,000 Votes The Committee Will Make Award.

The voting in the library contest closed Saturday evening, and all the votes were handed in, giving Kirby Smith Chapter, U. D. C., the victory. The Chapter got 65,256 votes the past week, and the Odd Fellows' Home 48,463. There may be some slight errors in the adding up, but the result will be a victory for Kirby Smith, and to the earnest work of Mrs. J. F. McKinstry, Jr., is due much of the credit for the victory. She has worked to get votes for her favorite order, and is entitled to much credit.

The vote for the contest, as we have received it, stands:

Kirby Smith Chapter	267,079
Odd Fellows' Home	178,713
Earnest Workers	44,785
Union Academy	7,081
High School	5,695

HYDE'S FAREWELL SALE.

Will Give His Customers the Benefit of Great Bargains.

It is with regret that we announce the determination of G. W. Hyde, our leading dry goods, millinery and shoe dealer, to retire from business in Gainesville, as he has made many friends here by his fair dealing during the 14 years he has been identified with the mercantile interests of the city.

The sale opens on Saturday, October 21st, at 9 o'clock, and will continue indefinitely. In his advertisements he quotes many prices, which careful buyers are asked to peruse and see for themselves the bargains he offers all over the mammoth double-store. There will be nothing reserved, and as the stock is new and large, there will be a chance for all to make profitable purchasers.

Mr. Hyde has not yet decided as to his future plans, but has decided to close out his stock and fixtures. The prices will, as the announcement states, be low, and those who have been acquainted with Mr. Hyde in years past will know that he prides himself on keeping his word.

We trust he may be induced to remain in this city, but should he make up his mind to go elsewhere, The Sun wishes him abundant prosperity. But don't forget that he has bargains for all.

Funeral of Mrs. Cushman.

The funeral of Mrs. E. L. Cushman, the sad death of whom occurred Thursday night, was held from the First Presbyterian Church, of which she was a member, Saturday afternoon at 3 o'clock, and was largely attended by friends of the family and deceased.

Rev. Thos P. Hay, pastor of the church, conducted the services, assisted in a prayer by Rev. T. J. Nixon of the Methodist church, who was a great friend and spiritual advisor of Mrs. Cushman during her last days. The church was well filled with friends and members of the lodges of Odd Fellows and Knights of Pythias, who assembled to pay the last sad respects.

The floral offerings were numerous, almost covering the handsome casket of white, and were loving tokens from friends.

During the service the choir rendered "Asleep in Jesus" and "He Leadeth Me," two favorite hymns of the deceased, in a most beautiful and impressive manner.

The remains were accompanied to the cemetery by many friends. The ceremonies were concluded there by Rev. Mr. Hay, and all that was mortal of Mrs. Blanche Jarvis Cushman was placed at rest in the grave.

Friends extend sincere sympathy to the bereaved family in this hour of distress.

Looking for Stock Farm Location.

P. J. Osterman of St. Paul, Neb., arrived in the city Friday in search of a location to establish a stock farm. He is an experienced cattle and horse breeder, and if he can find a location that suits him may come here and establish a high grade stock farm. He favors the best breeds, and would be a desirable acquisition to our farming community.

GROWING UP

There's something the matter with the child that fails to grow up. A child that grows up too much, however, without proper filling out of flesh, is almost as badly off. Nothing will help these pale, thin "weedy" children like Scott's Emulsion. It supplies the rounding out of flesh and the rich inward nourishment of blood and vital organs which insures rapid growth a healthy and uniform development.

A SLAUGHTER SALE

For Ten Days of the Endel Clothing Company Stock.

The Morris-Phifer Company, having purchased the stock of clothing, gents' furnishings, shoes, trunks, valises and ladies' furnishings of the Endel Clothing Company, will inaugurate a ten-days' slaughter sale on Thursday, October 19th.

There will be many bargains for the ladies, gentlemen and boys, and as the stock is clean and well selected, this sale will afford an opportunity to save money on every article in the store. The people of the surrounding country should not overlook this sale.

Remember the opening date, October 19th, and lasting ten days. Read the advertisement.

Full of Tragic Meaning

Are these lines from J. H. Simmons of Casey, Ia. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough that disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for consumption, coughs and colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At all druggists; guaranteed; 50c and $1.00. Trial bottle free.

Want Police Protection.

The residents of North Gainesville, who have been taken into the corporate limits of the city under the new city charter, have justly protested against the rowdyism that is practiced day and night in their portion of the municipality. Guns are fired in the streets day and night, and never an officer interferes with the levity. If the city is looking after the burdens inflicted on them in the form of taxes, they will claim they are entitled to police protection. The matter should be looked after.

A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or an adult, and if for a child they almost invariably recommend Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by all druggists.

The Gracy Mill.

The Gracy mill near this city, which has been shut down for some time, may be sold or removed to some other point, as Mr. Gracy has finished cutting the timber close at hand. He has just returned from a trip to the southern part of the State, where he failed to find any favorable site to locate his mill, owing to excessive freight rates.

A Card.

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough, heals the lungs and prevents serious results from a cold. Cures la grippe cough and prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. Refuse substitutes. J. W. McCollum & Co.

CANCERS CURED BY RADIUM.

Five Persons Have Been Healed of Disease by New Process.

New York, Oct. 14.—That five persons have been cured of cancer at the Flower hospital by the use of radium coatings on celluloid rods inserted into the diseased parts was the substance of a paper read last nigh tby Dr. William H. Dieffenbach, United States delegate to the International Medical congress at the Hague before the Homeopathic Medical Society of the County of New York. In only one of six cases which he treated, Dr. Dieffenbach said, his efforts met with defeat. In that case the disease was far advanced. Dr. Dieffenbach described his treatment in detail. It consists of dipping celluloid or hard rubber rods into a solution of salts of radium. These rods are then inserted into incisions made in the tumors. The effect of the radio-activity he said, was to destroy the diseased tissue. These are some hopeless cases, where the growth has been spread over large areas.

Professor Hugo Lieber, of this city, has been experimenting in injecting radium into tissues without the use of rods or sheets of celluloid. He said that three cases of tumor and cancer success. This marked a distinct advance in medical knowledge. Though at present the subject was vague they hoped soon to have more light.

Saved His Life.

J. W. Davenport, Wingo, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump on my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity." Sold by W. M. Johnson.

American Bankers Adjourn.

Washington, Oct. 14.—The American Bankers' association will conclude its thirty-first annual convention today with a discussion of practical banking questions by the delegates, an address on "Our Commerce," by Mr. Harvey D. Goulder, of Cleveland, O., and the election of officers. The report of the currency committee submitted yesterday may also be taken up for discussion and disposal. Besides concluding their convention, the bankers also will conclude an elaborate program of sight-seeing and entertainment.

Cures Winter Cough.

J. E. Gover, 101 North Main street, Ottawa, Kan., writes: "Every fall it has been my wife's trouble to catch a severe cold, and therefore to cough all winter long. Last fall I got her a bottle of Horehound Syrup. She used it and has been able to sleep soundly all night long. Whenever the cough troubles her, two or three doses stop the cough, and she is able to be up and well." 25c, 50c and $1. Sold by W. M. Johnson.

Supreme Court Denies Motion.

Butte, Mont., Oct. 14.—The supreme court at Helena has denied the motion of the plaintiff for a rehearing in the famous case of the Nipper company, owner of F. A. Heinze, involving millions of dollars, against the Anaconda and Kehoe companies, of the Amalgamated Copper company, an action to quit title and involving the ownership of the Nipper vein, in which the supreme court last July reversed the trial judge and ordered the case back for a rehearing.

Mothers

Who would keep their children in good health should watch for the first symptoms of worms, and remove them with White's Cream Vermifuge. It is the children's best tonic. It gets digestion at work so that their food does them good, and they grow up healthy and strong. Sold by W. M. Johnson.

Federal Judge Asked to Resign.

Washington, Oct. 14.—Associate Justice Tucker, of the territorial supreme court of Arizona, has been requested to resign Several months ago charges were preferred against Justice Tucker involving his personal conduct as a member of the territorial judiciary. These different charges were presented to the president, and were referred by him to the department of justice for investigation.

CATARRH

FIRST A COLD THEN CATARRH THEN CONSUMPTION

A cold in the head is a common ailment, but it rarely ever stops there. It often grows stubborn and protracted, the mucous membranes, or inner lining of the body, become inflamed and secrete a filthy, unhealthy matter which is absorbed by the blood and soon produces that disgusting disease, Catarrh. Then follow the unpleasant symptoms of "hawking and spitting," ringing noises in the ears, headache, poor appetite, mucus dropping back into the throat, and a feeling of general debility. Every day the blood becomes more heavily loaded with these poisonous secretions, and if the trouble is allowed to run on, the lungs become diseased from the constant passage of poisoned blood through them, and then Catarrh terminates in the most dreaded and fatal of all diseases, Consumption. The only way to get rid of Catarrh permanently is to cleanse the blood, and S. S. S. is the ideal remedy for this purpose. It soon clears the system of all impurities, purges the blood of all Catarrhal matter and poisons, and effectually checks the progress of this dangerous and far-reaching disease. S. S. S. keeps the blood in perfect order so that Catarrh cannot remain; and as this pure, healthy blood goes to every nook and corner of the body, the entire system is strengthened and invigorated, and the symptoms all pass away. Book with information about Catarrh and medical advice free.

I had Catarrh for twelve years and suffered agony with headaches, nose stopped up, appetite poor, felt tired and run down and unfit for work. I read of S. S. S. and commenced using it, and after taking eleven bottles I found myself a well man. I have never had any return of the disease and I consider S. S. S. the best treatment in the world for Catarrh.

THE YELLOW FEVER.

Ten Cases at Pensacola—New Orleans Getting Better.

Pensacola, Oct. 14.—Ten cases and one death had been reported up to noon today, but there is an enormous number of suspicious cases in hand. The attention of physicians this morning was given particularly to matters of fumigation.

Twenty-nine new cases and four deaths was the discouraging report late yesterday afternoon. This was a surprise, as Dr. Porter announced at noon that no cases had been reported.

At New Orleans.

New Orleans, Oct. 14.—For the twenty-four hours ending yesterday at 6 p. m. there were 25 new cases and four deaths reported. From 6 p. m. yesterday until noon today there were 10 new cases and two deaths.

Total number of cases, 3,296.

Total number of deaths, 425.

The business men report trade conditions more satisfactory.

"THE STRUGGLE," A LIVING ROMANCE

The All-Absorbing Trust Question Exposed in Fiction.

GREATEST NOVEL OF THE TIMES

By Hon. Sidney C. Tapp of the Atlanta Bar—A Former Resident of Gainesville—Author of the Story of Anglo-Saxon Institutions.

Many people of this city will take a deep interest in the much-heralded book, "The Struggle," by the Hon. Sidney C. Tapp of the Atlanta bar and author of "The Story of Anglo-Saxon Institutions," which is expected to be issued from the press November 1st, as the author was at one time a resident of this city and is known by many residents.

Mr. Tapp's work on the Anglo-Saxon Institutions has made his name famous among scholars both in this country and in Europe, and in his forthcoming novel on the trust question he has given new life and force to the world of fiction. It is a living, pulsating exposure of the evils of the trust. The author paints a real and living picture of the inside of Wall street and the great gambling institutions of the country which are overthrowing and destroying our civilization. There is not a tiresome line nor page in the book. It discloses the corruption of organized wealth that is destroying the vitality of our system of government in such a real and living manner that the reader feels and realizes the inspiration of the author. The love story is a real living romance that is both interesting and inspiring. It is unquestionably one of the epoch making novels of the times, and that the distinguished lawyer has given to the world of fiction a work that will open the eyes of the American people to the disease that is destroying our free institutions cannot be denied.

The novel will be placed on sale about the first of November at the price of $1.50, postage 10 cents. It will be issued by the American Baptist Publication Society, Southeastern House, 37 South Pryor street, Atlanta, Ga. H. C. Robert, Manager.

Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." J. W. McCollum & Co.

School Official Indicted.

Peoria, Ill., Oct. 14.—The grand jury returned a final report today with a true bill against Oliver J. Bailey, the chairman of the finance committee of the Peoria school board, and holding him on the charge of malfeasance in office in suffering and permitting one, Newton C. Dougherty to disappropriate and unlawfully convert to his own use school moneys to a large amount. Mr. Bailey is one of the wealthiest men in this city.

Prominent Farmer Suicides.

Madison, Ga., Oct. 14.—W. S. Michael, a prominent farmer, living at Appalachee, in this county, committed suicide by shooting himself through the head with a pistol. Financial trouble was the cause of the act. The deceased's life was insured in different companies to the amount of $15,000. He was originally from Newnan, Ga., where he has many relatives who are prominent in that section. He leaves a wife and eight children.

How to Cure Corns and Bunions.

First, soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequaled. For sale by all druggists.

SUNSTROKES.

Few editors suffer the power of wealth. They have too many on the free list.

We know some people who will never make fools of themselves—nature came to the rescue.

Vice-President Fairbanks need not visit Pensacola. They have had the frost they were praying for so long.

A man should count his money and when he has but $13 in his pocket should take the thirteenth dollar and pay his subscription for his local paper, and no bad luck will result.

After Germany has been talking so good in favor of the American hog, she turns and says our soldiers are only fighters with their mouths. But Germany has fired the first volley with the same weapon.

To show that their paints are all right and look well when properly spread, the Baird Hardware Company has very tastefully painted the front and interior of their store. The secret of success is judicious advertising, and when you want the best medium try The Twice-a-Week Sun.

When the exchequer is depleted, the monotony of staying at home can be relieved these beautiful October days by arising early and watching the appearance of the orb of day. It is as fascinating as a sunset, and as the creamy-tipped clouds are changed to golden ripples, we are led by our patriotism to believe that "Sunny Destiny" isn't in it with our own Southland.

President Roosevelt has a son at Yale, whom he desires to see at home again with no broken bones, so he has asked the football boys of Old Eli to modify the rules a trifle and spare the child for the first year.

The tourist season will soon open. Clean up in front of your residence, clean up your spare rooms and air the bedding so that you can receive the weary ones fleeing from the cold blasts of winter.

The people of Bradford county are indignant because the death sentence of David Mitchell, the Black Kid, has been commuted to life imprisonment. He was considered "a bad nigger."

The orb of day may be growing smaller, but The Gainesville Sun is expanding. Within the past three weeks there has been forty new subscribers added to the Twice-a-Week list.

The meaning of the word mutual does not apply to the distribution of the Mutual Insurance Company money. That applies to paying in to the company.

William Randolph Hearst has been nominated for mayor of New York by the Municipal Ownership League. He will show them what a streak of yellow can do.

Mr. Rockefeller must enjoy being miserable, for he says there are many things more satisfactory than amassing wealth.

The Atlanta man who has discovered the cabbage snake has been associating with Mayor Woodward.

NO BOSSISM.

The effect of bossism is detrimental to the best interests of any city or State, and no matter on which side the bosses may be—on the side of the corporations, or on the side of prejudice and passion that is unjust to capital and enterprise—the effect is equally as disastrous.

The State of New Jersey has been so easy with all combinations that it has come to be regarded as a corporation-ruled commonwealth, and concerns that are disposed to be the least bit on the water order are organized and chartered under its laws, thus giving them a legal right to swindle the people of any State who may invest their money with them.

But there is always sure to be a reaction, and now the corporations that have ruled New Jersey are losing ground, the opposition is stepping to the front, and this opposition may be as radically wrong the other way, through prejudice, as the other is through a desire to let everything go.

The normal attitude of good business men that is sometimes shown, and should be at all times, has a tendency to keep the methods of erratic ventures on a level plane, gives the people confidence, and does away with bossism in every form. But because a man or set of men have the strength of vision to see beyond the end of their nose, and delve with success, in what others would term a desperate chance, they should not at any time be opposed, so long as they do not inveigle the unsophisticated into their schemes and then freeze them out.

This is the age of frenzied finance, and the men who take chances and prosper are called shrewd, and while they take the reins in their own hands and rush on to eminent success, they are not and should not be classed as bosses, but are entitled to the credit of using desperate remedies for desperate conditions.

Don't accuse anyone of bossism simply because he masters the situation, for we must have captains of finance and industry to win in the business conflicts, the same as on the field of battle the victors must have a leader.

We have no bosses in Gainesville, but we are blessed with a number of business men, or captains, that deserve success.

Gainesville is building a railroad direct to Tampa, and promises to have trains running on it into Tampa by August 1, 1906. It is called the G. & G., which, we suppose, means Great and Good, or Git-up and Git.—Punta Gorda Herald.

It means Grits and Gravy for the promoters, and a whole lot of things to the towns along the line.

The Apalachicola Times very pertinently remarks that if Florida railroads would pay less attention to tourist travel during the winter months, and more to the settling of the State with German farmers, Florida would be recompensed in part for the tremendous land grants given to these corporations in times past.

The Industrial Edition of The Sun, to appear November 15th, will contain many illustrations of the advance that Gainesville has made. These will be made from actual photographs of the new buildings that have been constructed within the past two years.

The State Board of Health has granted Pensacola's request and has given Dr. Joseph Y. Porter, State health officer, full authority to expend such money from the State fund as he thinks necessary to eradicate the yellow fever in Pensacola.

Monticello is pleased with the fact that frost visited that section October 12th and beat Yellow Jack.

We can prove it—that we have as healthy a city as can be found in Florida.

GERMAN IGNORANCE.

A few years ago a regiment of German soldiers was drawn up in line, facing a light board fence ten feet high, and ordered to fire. After the volley an inspection of the fence was made and not one bullet had struck the fence. This seems like a big one, yet is is the truth.

And now one of the leading conservative newspapers of Berlin prints what it calls an expose of the claims of the United States as a military and naval power, and characterizes the American army as "rotten" and made up of "miserable material." It says the Americans are patriotic only with their mouths.

Such idiocy is too nonsensical to be worthy of mention, only to show how ignorant some people are in regard to such things.

Colder weather is now being felt in Pensacola and contrary to the usual custom there is no kicking about the approach of winter. On the other hand all welcome the early approach of the winter season, owing to the yellow fever situation.

Jeff. L. Davis of The Live Oak Crescent and James L. Gilooley have leased The Citrus County Chronicle. Both are excellent newspaper men and will no doubt make a success of the business.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

The Knights of Columbus of St. Augustine observed Discovery Day Thursday night.

It is thought that J. F. McEtheridge, the special detective who did a clever job at Ocala a few days ago, is losing his mind.

Harry Brown of Fernandina was run over and badly mangled by a switch engine and thirteen cars at Augusta, Ga., Tuesday night.

Dexter W. Williams, the colored postmaster of Royal, Sumter county, who is short in his accounts, has "cut his lucky" and Uncle Sam's sharpest detectives are unable to locate him.

The famous Florence Villa oranges, grapefruit and tangerines, known all over the country among the best trade, have been sold through the Consolidated Fruit Company to New York parties.

Engineer Woodring of Dunnellon was struck on the head and badly wounded at Dunnellon Tuesday evening by a "rowdy" who got full and climbed up onto the engine where Woodring was asleep.

The postmaster at Fernandina forbid the publisher of The Star sending out a supplement with his paper, but the Third Assistant Postmaster-General said it would go. The Fernandina P. M. was a little too soon.

The American Life Insurance Company of Tampa, organized exclusively with Florida capital, and standing as the biggest one of its kind in the State, will commence operations next week. The company is capitalized at $500,000.

The pineapple plantations seem to appear to be more healthy and promising than at the present time. With a favorable winter there will be a splendid crop next spring, and it should net our growers good prices.—Ft. Pierce Tribune.

A new suit was filed in the office of the clerk of the United States Court at Jacksonville by the York Manufacturing Company of York, Pa., against the High Springs Electric Company and E. K. Anderson, R. J. Futch, W. N. Gramling, A. E. Summers and W. W. Stroble. This is a civil action, in which damages in the sum of $9,000 are claimed. The praecipe for summons ad respondendum was filed.

The model of a thoroughly ventilated fruit car is on exhibition at Jacksonville. The car in question is a ventilated car, with a vent at each end of the car, which is on a level with the bottom floor, 10 inches high, just the height of the trap door. This floor is on the order of the banana floor, but is simply 10 inches from the bottom of the car. With these two vents reaching the width of the car, one can readily see that there would be a current of air with the train running along at least thirty miles an hour, which should keep vegetables, oranges or bananas or fruit of any kind thoroughly cool. There are four vents in the top of the car; also eight small window vents near the top, on the side, which let out the hot air.

DIED OF BROKEN HEART.

Bank Director Collapsed When He Heard of Defalcation.

Chicago, Oct. 14—A dispatch to the Inter-Ocean from Peoria, Ills., says:

"Heart-broken over the closing of the Peoria National bank on account of the alleged defalcations of Professor Nathan C. Dougherty, its president, Calvin C. Lines, for 51 years bookkeeper and officer of the bank, died last night at his home.

"Mr. Lines resigned his position with the bank the first of last January, but has retained his connection as a stock-holder and director. From the time that the alleged machinations of Professor Dougherty became known, Mr. Lines began to sink. He attended the meeting of the board of directors up to Wednesday night, when he was so weak and feeble from the strain the disclosures had caused that he was scarcely more than able to be present. He did not take any part in the deliberations, but sat with his head buried in his hands, the picture of abject despair."

Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by all druggists.

Stock in the Emma Gold Mine

As the price today is the best and safest investment possible to make.

This mine is opened and ore on the dump. It is not an experiment, but a safe and sound investment.

With every $100 invested in stock we will issue a 5 per cent gold bond, insuring the investor from any possible chance of loss.

The gold bonds are as safe as Government Bonds.

We would like to hear from you if you could be interested in a first-class investment, absolutely safe, and one with the brightest prospects and future of any gold mine ever opened or discovered. It will bear the closest investigation and we would like to get you interested. Full particulars for the asking.

RIFE & COFFMAN,

Brokers, St. Clair Building, Marietta, Ohio.

Send us a postal for full information. Mines within 300 feet of the Emma have paid as high as 40 per cent in one year. Watch the Emma Mine and its dividends.

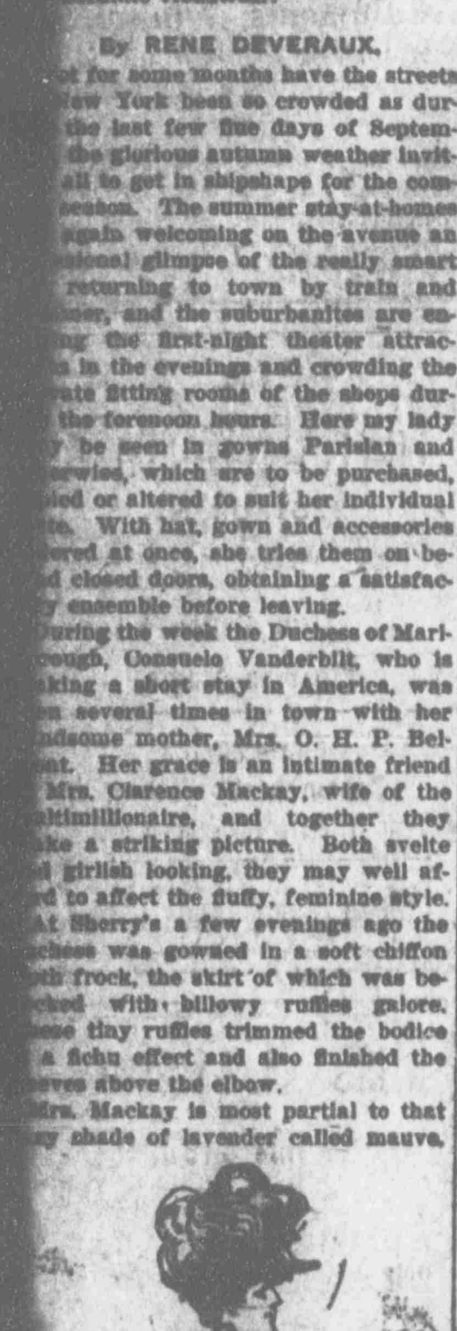
...t for some months have the streets ...w York been so crowded as dur... the last few fine days of Septem... the glorious autumn weather invit... all to get in shipshape for the com... season. The summer stay-at-homes ...again welcoming on the avenue an ...sional glimpse of the really smart ... returning to town by train and ...ner, and the suburbanites are en... the first-night theater attrac... in the evenings and crowding the ...ate fitting rooms of the shops dur... the forenoon hours. Here my lady ...y be seen in gowns Parisian and ...rwise, which are to be purchased, ...ied or altered to suit her individual ...te. With hat, gown and accessories ...ured at once, she tries them on be... closed doors, obtaining a satisfac... ensemble before leaving.

...uring the week the Duchess of Mari... ...ough, Consuelo Vanderbilt, who is ...king a short stay in America, was ...n several times in town with her ...ndsome mother, Mrs. O. H. P. Bel... ...nt. Her grace is an intimate friend ... Mrs. Clarence Mackay, wife of the ...ltimillionaire, and together they ...ke a striking picture. Both svelte ...d girlish looking, they may well af... ...d to affect the fluffy, feminine style. ...At Sherry's a few evenings ago the ...chess was gowned in a soft chiffon ...th frock, the skirt of which was be... ...ched with billowy ruffles galore. ...ese tiny ruffles trimmed the bodice ... a fichu effect and also finished the ...eves above the elbow.

...Mrs. Mackay is most partial to that ...y shade of lavender called mauve,



THE NEW EMPIRE MODEL COAT.

...and it goes without saying that she ...will combine this soft tint with the ...purple pansy shades so much in vogue ...this season.

So far but few coats have been seen, ...but one never knows what pranks ...American weather may play, and the ...shop windows are hung with excellent ...examples of both artistic and severely ...plain garments. There are the usual ...number of devotees of the chic short ...effects; but, generally speaking, in ...three-quarter length and a trifle longer ...the handsomest coats are brought out.

For a practical coat semifitting mod... ...els are desirable. The smartest of ...these are made collarless, with silk ...braid, velvet or embroidered bands ap... ...plied in empire style.

In one scene of her new play, "Miss ...Daisy Dollars," now running at the ...Knickerbocker, the popular Lulu Glaser ...appears in a particularly stunning rain ...coat, the admiration of every woman ...in the audience. It is a severely tailor... ...ed cravenette coat, semifitting and ...plaited back and front. Across the ...back is a buttoned strap, and about ...the collar and cuffs there is a becoming ...touch of green velvet. There is nothing ...strikingly unusual about its makeup, ...but the perfect cut and fit and the ab... ...solute style it carries with it make ...every woman who sees it pine and ...sigh for a rain coat.

For street wear one of the very new... ...est things is the Inverness pelerine. ...They prove to essentially graceful and ...attractive in appearance and so easily ...slipped on and off that its popularity ...is assured. 49c Safety Razor

Postage 5c Additional

LET US EXPLAIN

The best razor maker in America made these razors in the same molds as his widely advertised high priced kind. These were stamped with a different brand for export. The only difference is in that stamp. When the export deal fell through MACY'S got the razors, 1,000 dozen of them. The price 49 cents each. Postage 5 cents additional. Try this razor. It's the equal of the high priced kind, because it is one of the high priced kind. If you're not enthusiastic over it, just send it back, and we'll return your money. We sell one dozen blades that fit any safety razor for $1.24. Postage 5 cents additional.

If you have never used a Safety Razor, then take our word for something. This razor is not a mere razor; it's a clever shaving instrument, an instrument that takes the place of a barber's skill. You can't help giving yourself a clean, smooth shave.

NEW YORK.

have a smart military effect, and in small checks with turnover collar of velvet they are extremely becoming.

A Paris fashion authority says, "If you'd be chic and Parisian, wear blue," and certainly this color in dark, pastel and all the rich, odd tints seen in sky and water is the rage in Paris this winter.

In evening coats light blue broadcloth is a close rival of the always elegant white, and very light champagne tints are again exceedingly fashionable. In this latter shade a very beautiful coat in seven-eighths length was recently seen, the skirts of which rounded in front in an unusual design. The upper portion of this coat was a fascinating combination of the cloth, with a touch of black velvet and cloth of gold about the collar and cuffs. From the throat on either side was a soft cream crepe scarf exquisitely embroidered in a Persian design, through which gold threads were scattered. This was worn loosely tied. The embroidered crepe was also puffed into the bottom of the sleeve.

Swagger clubmen and other well dressed New Yorkers are gradually laying aside the old fashioned opera hat for a soft felt hat lined with softest silk, which can be folded into a surprisingly small roll and put into the pocket. A low crowned soft hat, around which is an inch and a half wide band, is the fashionable business hat. The brims of this season's stiff derbies curl rather more flatly than those of last season, the crowns being very much the same block.

[Our readers may have any question concerning fashions or fabrics answered by Rene Deveraux, the fashion expert, by addressing Rene Deveraux, P. O. Box 88, Madison Square, New York, inclosing stamp for reply.]

Insomnia and Indigestion Cured.

"Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months, when I used Chamberlain's Stomach and Liver Tablets and received immediate relief," says John Dixon, Tullamore, Ontario, Canada. For sale by all druggists.

MIKADO WELCOMES ENGLISHMEN

Ruler of Japan Receives High Naval Officers of British Navy.

Tokio, Oct. 14.—The emperor of Japan received Vice Admiral Sir Gerard Noel, commander of the British squadron now at Yokohama, his staff captains, in the Phoenix hall of the palace this morning, and welcomed them heartily to Japan.

General Burnett, of the British army and other military attaches, who have arrived here from the front, were received in audience simultaneously. All the visitors subsequently had lunch with the imperial family. Prince Arisugawa, the elder statesman, and the cabinet officers also were present. The emperor has placed the Shiba palace at the disposal of Admiral Noel and his party.

The city today is again filled with British sailors and marines. Yesterday's program of athletic games, etc., was repeated.

Don't be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Russian Liberal Leader Dead.

St. Petersburg, Oct. 14.—The Russian press today expresses genuine and hearty sorrow at the death yesterday of Prince Sergius Troubetzky, the foremost Liberal in Russia. His death removes a restraining influence over the Moscow students and may cause the closing of the university. The council of professors in the prince's absence yesterday was unable to prevent a big meeting of students in the university building which was largely attended by outsiders.

MOBILE, ALA., Dec. 24, 1899.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: Having tried different doctors and their remedies for several years for back and kidney troubles, I found nothing successful until taking "The Texas Wonder," Hall's Great Discovery, and, being rapidly cured, the old saying with railroad men is "God bless the man who invented the Pullman sleeping car," but I say "God bless the inventor of Hall's Texas Wonder."

Yours truly,
W. B. CLARK,
M. & O. R. R. Co., Mobile, Ala.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.
